WORK EXPERIENCE

Freelance Software Developer

Antonio Guiotto

08/2023 - Present

Remote, Italy

Developed AI-enhanced apps, dashboards, and custom WordPress sites for industries like healthcare, e-commerce, and IoT, boosting client productivity.

Achievements/Tasks

- Designed preventive applications for the construction industry using React, TypeScript, and MySQL.
- Developed storage and activity register apps with MongoDB for efficient business workflows.
- Created Progressive Web Apps (PWAs) for surgeons and other professionals.
- Built a scalable IoT dashboard with MQTT and Laravel for device monitoring.
- Delivered B2B e-commerce platforms tailored to unique client requirements.
- Designed and customized WordPress websites with bespoke plugins and UI/UX optimizations.
